

CUSTOM LIVE EVENT AND BROADCAST PRODUCTION TRAILER

OVERVIEW

We outfit the trailer with custom gear configurations to meet the needs of your production. We have switchers from Panasonic, Blackmagic and NewTek, various playback and record options as well as an array of tools like routers, hubs and DA's for even the most complex event signal distribution assignments.

HIGHLIGHTS

WEATHER RESISTANT

Travel anywhere in the country with our fully self-contained and insulated production trailers. Featuring floor to ceiling carpeting, and a 15,000 BTU cooling and heating unit, ChoiceLIVE production trailers provide a comfortable and dependable work space.
